Sir,

In forwarding herewith copy of Resolution of the Council at an adjourned meeting held on the 27th instant in regard to the passing of bye-laws to introduce octroi on certain articles, I have the honour to state that though the levy of octroi on some articles had been sanctioned by Government in Notification no R 6319-24. 81-19-6, dated 25. 11. 20 no steps were taken to give effect to the G.O till last year, when a set of draft bye-laws was approved by the Council and published in the Mysore Gazette and also locally inviting objections. This naturally meant that the Council was agreed to the levy of octroi on certain specified articles. But when the question of adopting the bye-laws to which no objection was raised^{by anyone} was placed before the Council the non official councillors (including the vice president) began to argue against the levy of octroi itself. I had therefore to point out that it was not in order to question the previous decision of the Council and that discussion should be confined to the bye-laws themselves. Then an amendment was proposed by Mr Subbarama Seta that the bye-laws may be held in abeyance for 6 months owing to depressing^{seasonal} ~~seasonal~~ conditions. This ^{amended} proposition stands ~~advised~~ by the non official

Councillors present and was carried.

Now I beg to submit that this resolution is not in the best interests of the Municipality. The finances are very low and annual contributions to the medical and education departments, were hopelessly in arrears until I made drastic cuts in the expenditure. Thus most of the debts have been paid up and yet some ~~are~~ remain and more will be added for this year.

At the same meeting at which the levy of octroi was voted against it was resolved that two dozen new street lights should be purchased and provision should be made to light 30 lamps at night. In addition other bills too were passed in utter disregard of the finances of the Municipality. None of the members understand how a budget has to be balanced nor can they be made to understand. They are however ~~loathly~~ ~~opposed~~ ~~to~~ ~~introduce~~ any legitimate taxation on the one hand and on the other they clamour for more lights, more sweepers, more money for roads, reservation of tank water provision to meet contribution for feeder channel etc.

I find it impossible to carry on the concerns of the Municipality on any rational lines in the face of such unthinking extravagance.

Add to these difficulties the lack of pains and interest in collecting taxes and the neglect of routine office work; and the financial confusion
